

SAC

21 Febrero

11:00 Welcome and designation of temporary chairman JB
11:10 Election of Chairman of SAC
11:30 Status of the project and general considerations for the SAC JB
12:00 Machine for ALBA DE
12:30 Beamlines for ALBA , background , considerations and criteria SF
13:00 Lunch
15:00 **Powder and single xtal diffraction**
15:30 questions
15:45 **Surface and interface diffraction**
16:15 questions
16:30 **Macromolecular crystallography**
17:00 questions
17:15 **SAC internal discussion**
17:45 break
18:15 **Non cryst. diffract. with microfocus for Life and Mat. Sci.**
18:45 questions
19:00 end

22 Febrero

8:30 **X ray Absorption**
9:00 questions
9:15 **Magnetism Polux**
9:45 questions
10:00 **Photoemission**
10:30 questions
10:45 break
11:15 **SAC internal discussion**
11:45 **X -ray microscopy**
12:15 questions
12:30 **Gamma rays in ALBA**
13:00 questions
13:15 lunch
14:45 **Applications of SR to medicine**
15:15 questions
15:30 **SAC internal discussion, asignation of referees**
16:30 **SAC + manangement meeting**
17:00 end of the meeting
